

LEONARDO AXEL SETYANTO

1390 Market St #1724, San Francisco, CA, 94102

713-293-2448 / laxels@gmail.com

laxels.com

Software Engineer with 7+ years of experience, mostly in web development. Looking to join and eventually lead a competent team in any software field.

PROFESSIONAL EXPERIENCE

PIXELKEET

Freelance Full-Stack Web Developer

San Francisco, CA

November 2016 - Present

- Clients include Pixelkeet, Torch, JetBridge, price.com, Gaw | Poe LLP, BuyPower, and Amydis.
- Able to use a large range of tools (React, Angular, WordPress, etc.) according to the client's needs.
- Worked in-person and remotely with plenty of different engineering teams and designers.
- Dove into sizable codebases and quickly adapted to established coding styles and best practices.

CROWDMED

Co-Founder & CTO / Lead Developer

San Francisco, CA

December 2012 - November 2016

- Harnessed crowd wisdom using prediction markets to solve hundreds of extremely difficult medical cases which were previously misdiagnosed or underdiagnosed by physicians.
- Graduate of YCombinator Winter 2013 class.
- Made all decisions regarding the technical direction of the architecture.
- Handled technical customer service cases.
- Developed all key features of the site, including:
 - Fully-automated patient case submission, payment, and publishing flow.
 - Chat/discussion system with notifications through site dashboard, e-mail, and text.
 - Persistent user ranking system with leaderboards and an automated user rating system.
 - Community-driven user flagging / peer review system (affects the automated user rating).
 - Data aggregation with visuals/graphs for account dashboards & patient reports.

LOKU

Full-Stack Engineer

Austin, TX

March 2011 - July 2012

- Used social media analysis to find insights about local places.
- Provided personalized location-sensitive content recommendation based on the user's (and his/her friends') actions. Included content broadcasting through social media.

EDUCATION

UNIVERSITY OF TEXAS AT AUSTIN

Turing Scholar/Dean's Scholar Honors CS

Austin, TX

August 2010 - December 2012

- 3.8 GPA

SKILLS
